

**Important Notice: Fees Changing**

From **17th February 2025**, some of our fees will be changing to reflect the rising operational costs of running our service. This includes increased staff wages, inflation, supplier costs and other essential operational expenses that allow us to maintain the high-quality care and efficiency our patients expect.

These changes are essential to enable us to continue providing high quality, person centred care.

As a not-for-profit organisation, we remain committed to keeping our fees as affordable as possible while ensuring we can continue providing expert, person-centered care.

<b>Changing Fees</b>	
<b>Service</b>	<b>New Fee</b>
Adult ADHD Assessment	£685
Adult Autism Assessment	£785
CYP (7-18yo) ADHD Assessment	£995
CYP (7-18yo) Autism Assessment	£995
30 Minute Appointment with a Psychiatrist	£200
Standard Letter e.g. ECG/Blood Test Request, Travel Letter	£25

**Spreading the Cost**

To help spread the cost of assessments, we are also introducing [Klarna](#) as a payment option for fees over £500. **While this can make payments more manageable, we encourage patients to use this option responsibly and only if it is financially viable for them.** Please carefully consider your financial situation before opting for any payment plan to ensure it remains a safe and sustainable choice for you.

If you have any concerns about these changes or need support, please don't hesitate to reach out. We are here to help and are committed to making our service as accessible as possible. Thank you for your understanding and continued trust in our care.
